Mountain Weather Forecast

Bannau Brycheiniog (Brecon Beacons) National Park

Forecast valid from 00:00 on Monday 24 Jun 2024 until 23:59 on Tuesday 25 Jun 2024

Forecast Issued on Sunday 23 Jun 2024 at 16:12

Confidence: High confidence for a lot of fine and warm weather next couple of days. Lower confidence regarding cloud details, mainly overnight. A risk of a few showers on Wednesday, which could be heavy and thundery, but confidence is low for this. Likely turning fresher from the west from Thursday, though details uncertain at this point.

Headline for Monday 24 Jun 2024: Cloud and mist or fog patches soon lifting to leave plenty of warm sunshine.

Mountain weather hazards on Monday 24 Jun 2024

Blizzards No Likelihood	**Heavy persistent snow** No Likelihood	**Storm force winds** No Likelihood
Gales No Likelihood	**Severe chill effect** No Likelihood	**Poor visibility** Medium Likelihood

Forecast for Monday 24 Jun 2024

Weather: Areas of cloud shrouding the peaks during the early hours, giving some mist or fog patches and moderate or poor visibility, especially across western hills. Cloud soon lifting above the hill tops after sunrise, to leave a dry day with variable cloud cover, much improved visibility, and some strong warm sunshine developing at times. Light winds. Clear spells during the evening.

Chance of cloud-free hill tops above 600m: 60% at first. Becoming 100% during the morning.

Low cloud and visibility: Low cloud at first could shroud some of the hill tops, especially in the west giving poor visibility. Clouds lifting above the summits fairly quickly after sunrise this morning, then good or very good visibility for the rest of the day.
